Woman sits amid wreckage of her home at Port O'Connor, Texas, after hurricane Carla swept inland from the Gulf of Mexico to batter Texas and Louisiana.

Late in the year the insistent rhythms of the Twist became an international fad giving rise to a rash of new songs, movies, and not a few strains and dislocations.

Alan B. Shepard, Jr., dangles in a harness as he is lifted to a helicopter from his bobbing space capsule which landed in the Atlantic Ocean after his suborbital flight from Cape Canaveral, Fla., in May.

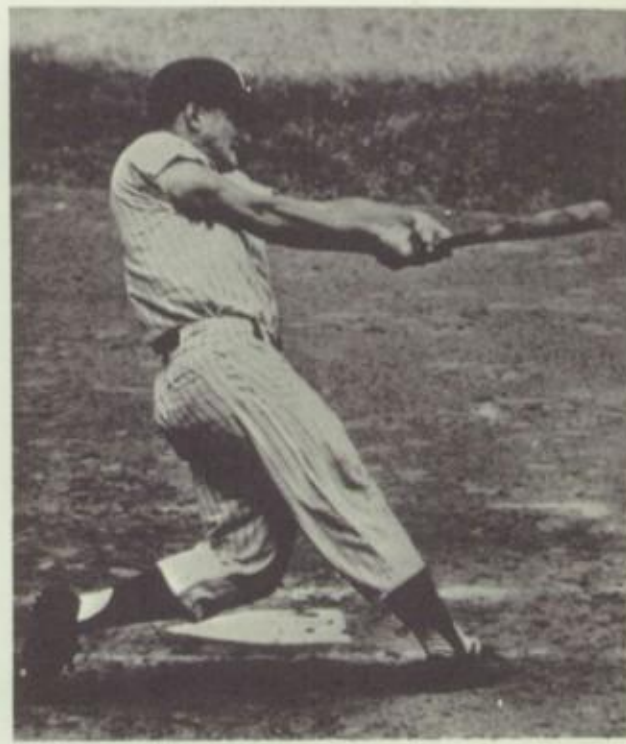

This is all that remained of homes along a stretch of road in the Bel-Air section of Los Angeles after a brush fire swept the area—worst in Los Angeles history.

The 1962

FOREWARD

Four years ago we, the senior class of 1962, entered this high school as young and immature freshmen. In general, we were frightened and bewildered by this school about which we had heard so much. The administration, seeing this, placed us under the protection and care of Mrs. Gallagher.

After a few months of school our outlook on life gradually began to change. We were no longer afraid to think as high school students. We began to form and express opinions, and to take part in discussions. Now the only thing that distinguished the upper classmen from us was their experience--the experience of maturity. Suddenly we realized the necessity of an education.

Our country was thrown into the race of space, and the race for survival. As a result our class was the first to receive a revised and stronger curriculum. This, we now know, was designed to make us better leaders and citizens.

This book will tell the story of how we were educated, guided, and molded by our teachers and advisors into mature men and women--proud to represent the United States to the world.

DEDICATION

Roger,
But i'm not to see Johnny Carson
and thank you for all class participation
Good luck to a very nice boy that
joined me in his sophomore year
Irene T. Gallagher

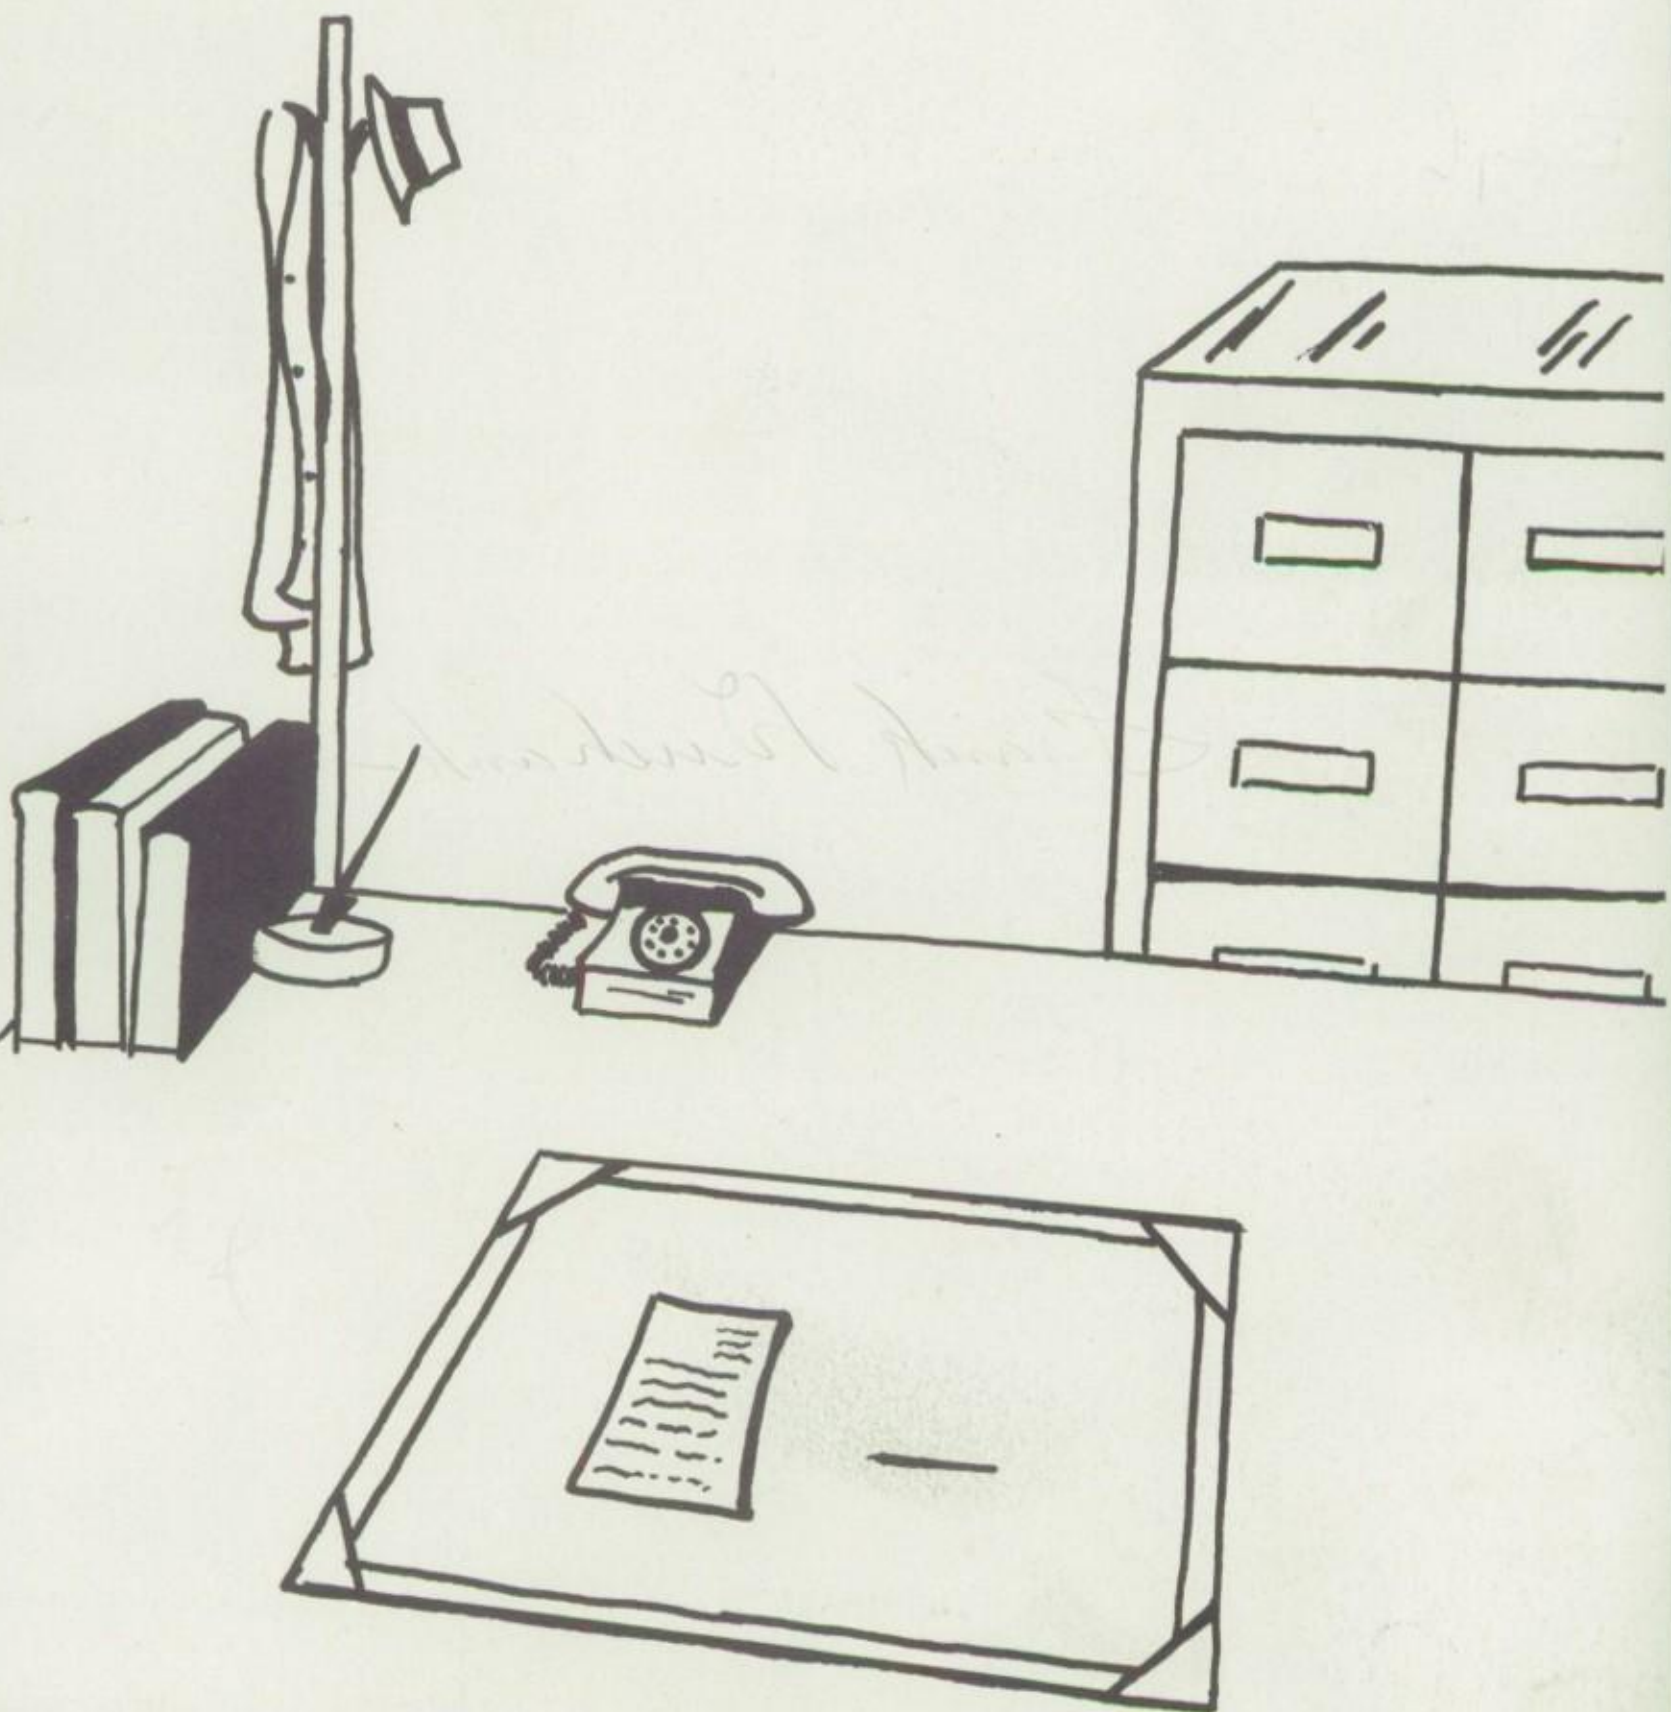

Words are inadequate to express our deep appreciation to Mrs. Irene T. Gallagher, our class advisor. She gave unstintingly of her time to aid us in whatever way she could during our entire high school career.

None of us will ever forget her patience with us even when we proved most trying. If we were in error, she helped us to understand why and improvement was made easier.

Principally, because she herself was for us the exemplary model of what all of us should strive to be, it gives us pleasure to dedicate our 1962 Ancora to our beloved advisor, Mrs. Irene T. Gallagher.

It was the aim of the staff to provide each student with a cherished remembrance of his stay at Hazle Township High School. In doing so, every effort was made to represent activities, groups, and individuals in true perspective.

CLASS HISTORY

Gather from within the bounds of any given area the basic ingredients of time, events, places, and people, stir them well and let the mixture settle for a time, and history will have been made.

Many ingredients go into the making of the history of the Class of 1962. The first one was the day we came into existence as a class on September 4, 1958. We were very timid as we ventured to school on that day. We feared being embarrassed because of the mistakes which we knew we were going to make. We were the proverbial "green freshmen," and we knew it. However, we did not want anyone else to know it. One hundred nineteen of us were enrolled that day. During our second week, we held our first meeting and elected the following officers for the year: president, Francis Skitski; vice president, Gerald Klick; secretary, Ronald Fisher; treasurer, John Swenda. Mrs. Gallagher became our class advisor. Many of our class became interested in extra curricular activities. We contributed cheerleaders, majorettes, basketball players, and football players. Four of our members, Victor Catano, Vincent Markovchick, Barbara Schweitzer, and Mary Zullo, received awards for being outstanding students. We sold magazines, held two roller skating parties, and concluded the year with a trip to Dorney Park. School closed on June 9, 1959.

In our sophomore year, we had a class roll of ninety-eight. The upper classmen were much more considerate of us this year. We began to find our activity interests and to fit into the overall school program. As yet we were not considered leaders but were well on our way. We found school work easier because we were adjusted to high school.

Our class officers for the year were Vincent Markovchick, president; Wister Yuhas, vice president; Mary Ann Kimock, secretary; Marilyn Davis, treasurer.

Our activities were selling chances on a savings bond, having a dance on October 23, 1959, and selling chances on Valentine candy. Then came the most important day of the year, May 20, 1960, Sophomore Day. We used springtime as our theme for the dance, and we decorated the gym in pink and white, our class colors. We then took a trip to Hershey Park on June 9 and completed the first half of our high school career on June 10, 1960.

As Juniors, we found the year more eventful. We realized, too, that the further we progressed, the greater became our responsibilities. At our first meeting, we elected officers to lead us through the year. They were the following: president, Wister Yuhas; vice president, Vincent Markovchick; treasurer, Thelma Montefour; secretary, Carol Howanitz. Our class roll was now ninety-seven.

Committees were formed in order to select rings and take care of the candy sales. We selected our class rings on September 26, 1960, and Santa Claus surprised us by delivering them for Christmas. Some of our members attended the State Farm Show in Harrisburg on January 9.

HOW WE MADE HISTORY

Then came Junior Day. Wister Yuhas welcomed the guests to our program; Vince Markovchick served as Master of Ceremonies. We featured the Boomville Band Concert, and we shall never forget Professor Atta Boy. We climaxed the program with the coronation of Mr. and Miss Junior Day. Guards of honor, flower girls, crown bearer, dancers, and singers honored our king and queen. We held a Coronation Ball that night. We used our class colors, red and white, to decorate. During the dance, an opened balloon bag added a regal atmosphere, for we had placed gold crowns on top of balloons, and both floated through the air as our king and queen, Wister Yuhas and Thelma Montefour, danced.

Two of our class participated in a "What's My Line Program" at University Park during the last week of school. Our class advisor, Mrs. Gallagher, happened to be the mystery guest on the program. We took another trip to Hershey and reluctantly left for home on June 11, 1961.

At last the big year arrived. We were seniors with an enrollment of ninety-two, and we were envied by every other class. We elected the following officers: president, Wister Yuhas; vice president, Vincent Markovchick; secretary, Thelma Montefour; treasurer, Michael Hadzick.

The activities for our last year were very extensive. We held a dance in September which featured the Cupids. In October, we were busy selecting name cards and soliciting advertisements for the Ancora. Our semi-formal dance was held at O'Lear's Candlelight Room on December 26, 1961. Everyone had an enjoyable time. We danced to the music of the Kingsmen. The main feature of this affair was the crowning of Mary Ann Kimock as Snow Queen.

We returned from Christmas vacation to find a busy schedule--the Farm Show, mid-year examinations, and Senior Day ahead of us. The school was buzzing with excitement. Everyone was anticipating a good program, one which would surpass Junior Day, and we believe we achieved our goal. We used a class day play featuring a prophecy, a will, gifts, and a class poem which were woven together by a unique and interesting plot. During our program, we introduced the top personalities of our class; and as these "Stars Came Out," we knew two of them would be most outstanding at our dance, for Michael Hadzick and Mary Zullo were crowned Mr. and Miss Hazle Township on "That Wonderful Night." We left May 21st on our class trip. The tour of Harrisburg, Gettsburg, and many places of historical interest in Washington, D.C., and Virginia, shall always be remembered as the big event of our senior year. Education and pleasure were well combined on this trip. Then, last but not least, came that most important day--the day we had been working toward all these years. June brought our graduation from Hazle Township High School. As we received our diplomas, we realized that this was the last official act in which we would participate as a class. We had added the final ingredient in the making of the history of the Class of 1962.

CHRISTMAS SEMI-FORMAL

Moments to remember.

Royalty takes the floor.

The Queen and her escort.

The melody lingers on.

We could have danced all night.

CLASS WILL

FALLOUT

Ever since the first atomic bombs were dropped in World War II, there has been much said and written about the damage done by fallout or radiation when a bomb is exploded. Everyone agrees that precautions should be taken to control fallout and to lessen, as much as possible, its harmful effects.

The H.T.H.S. Class of 1962 is about to explode a powerful bomb, so to speak. We are about to dispose of our worldly possessions, and to avoid any harmful "fallout," we are submitting to you our last will and testament. We would not want a single item to fall into the wrong hands, or in any way cause trouble for anyone. We have tried to be just, as well as generous and impartial.

To our beloved faculty, we bequeath all the interest in and right to the amazing and world shocking answers that we have given them so often on examination papers. We also give our thanks for the patience and efforts they have put forth on our behalf.

To the janitors, we leave all the fun, unity, and school spirit which we enjoyed during our high school years.

To the sophomores, we leave our secret formula for getting by without studying too much.

To the freshmen, we bequeath our poise and sophistication, two of our most valuable possessions.

We transfer into the possession of underclassmen the following items and articles and ask that they accept them in all good faith from those of us who have gone before:

FAREWELL

It is with a deep feeling of sadness that we take our departure from our Alma Mater and the faculty and students whose association we treasure.

During our stay at Hazle Township, we developed from adolescents into young adults as we strived to prepare thoroughly for the task that confronts us. We are grateful to our parents, teachers, and all who guided us in this preparation. Alone, we could not have succeeded. Together, we cannot fail.

Expressing our most sincere thanks, we, the Class of 1962, bid you an affectionate farewell.

The Class of 1962
Hazle Township High School

Roger,

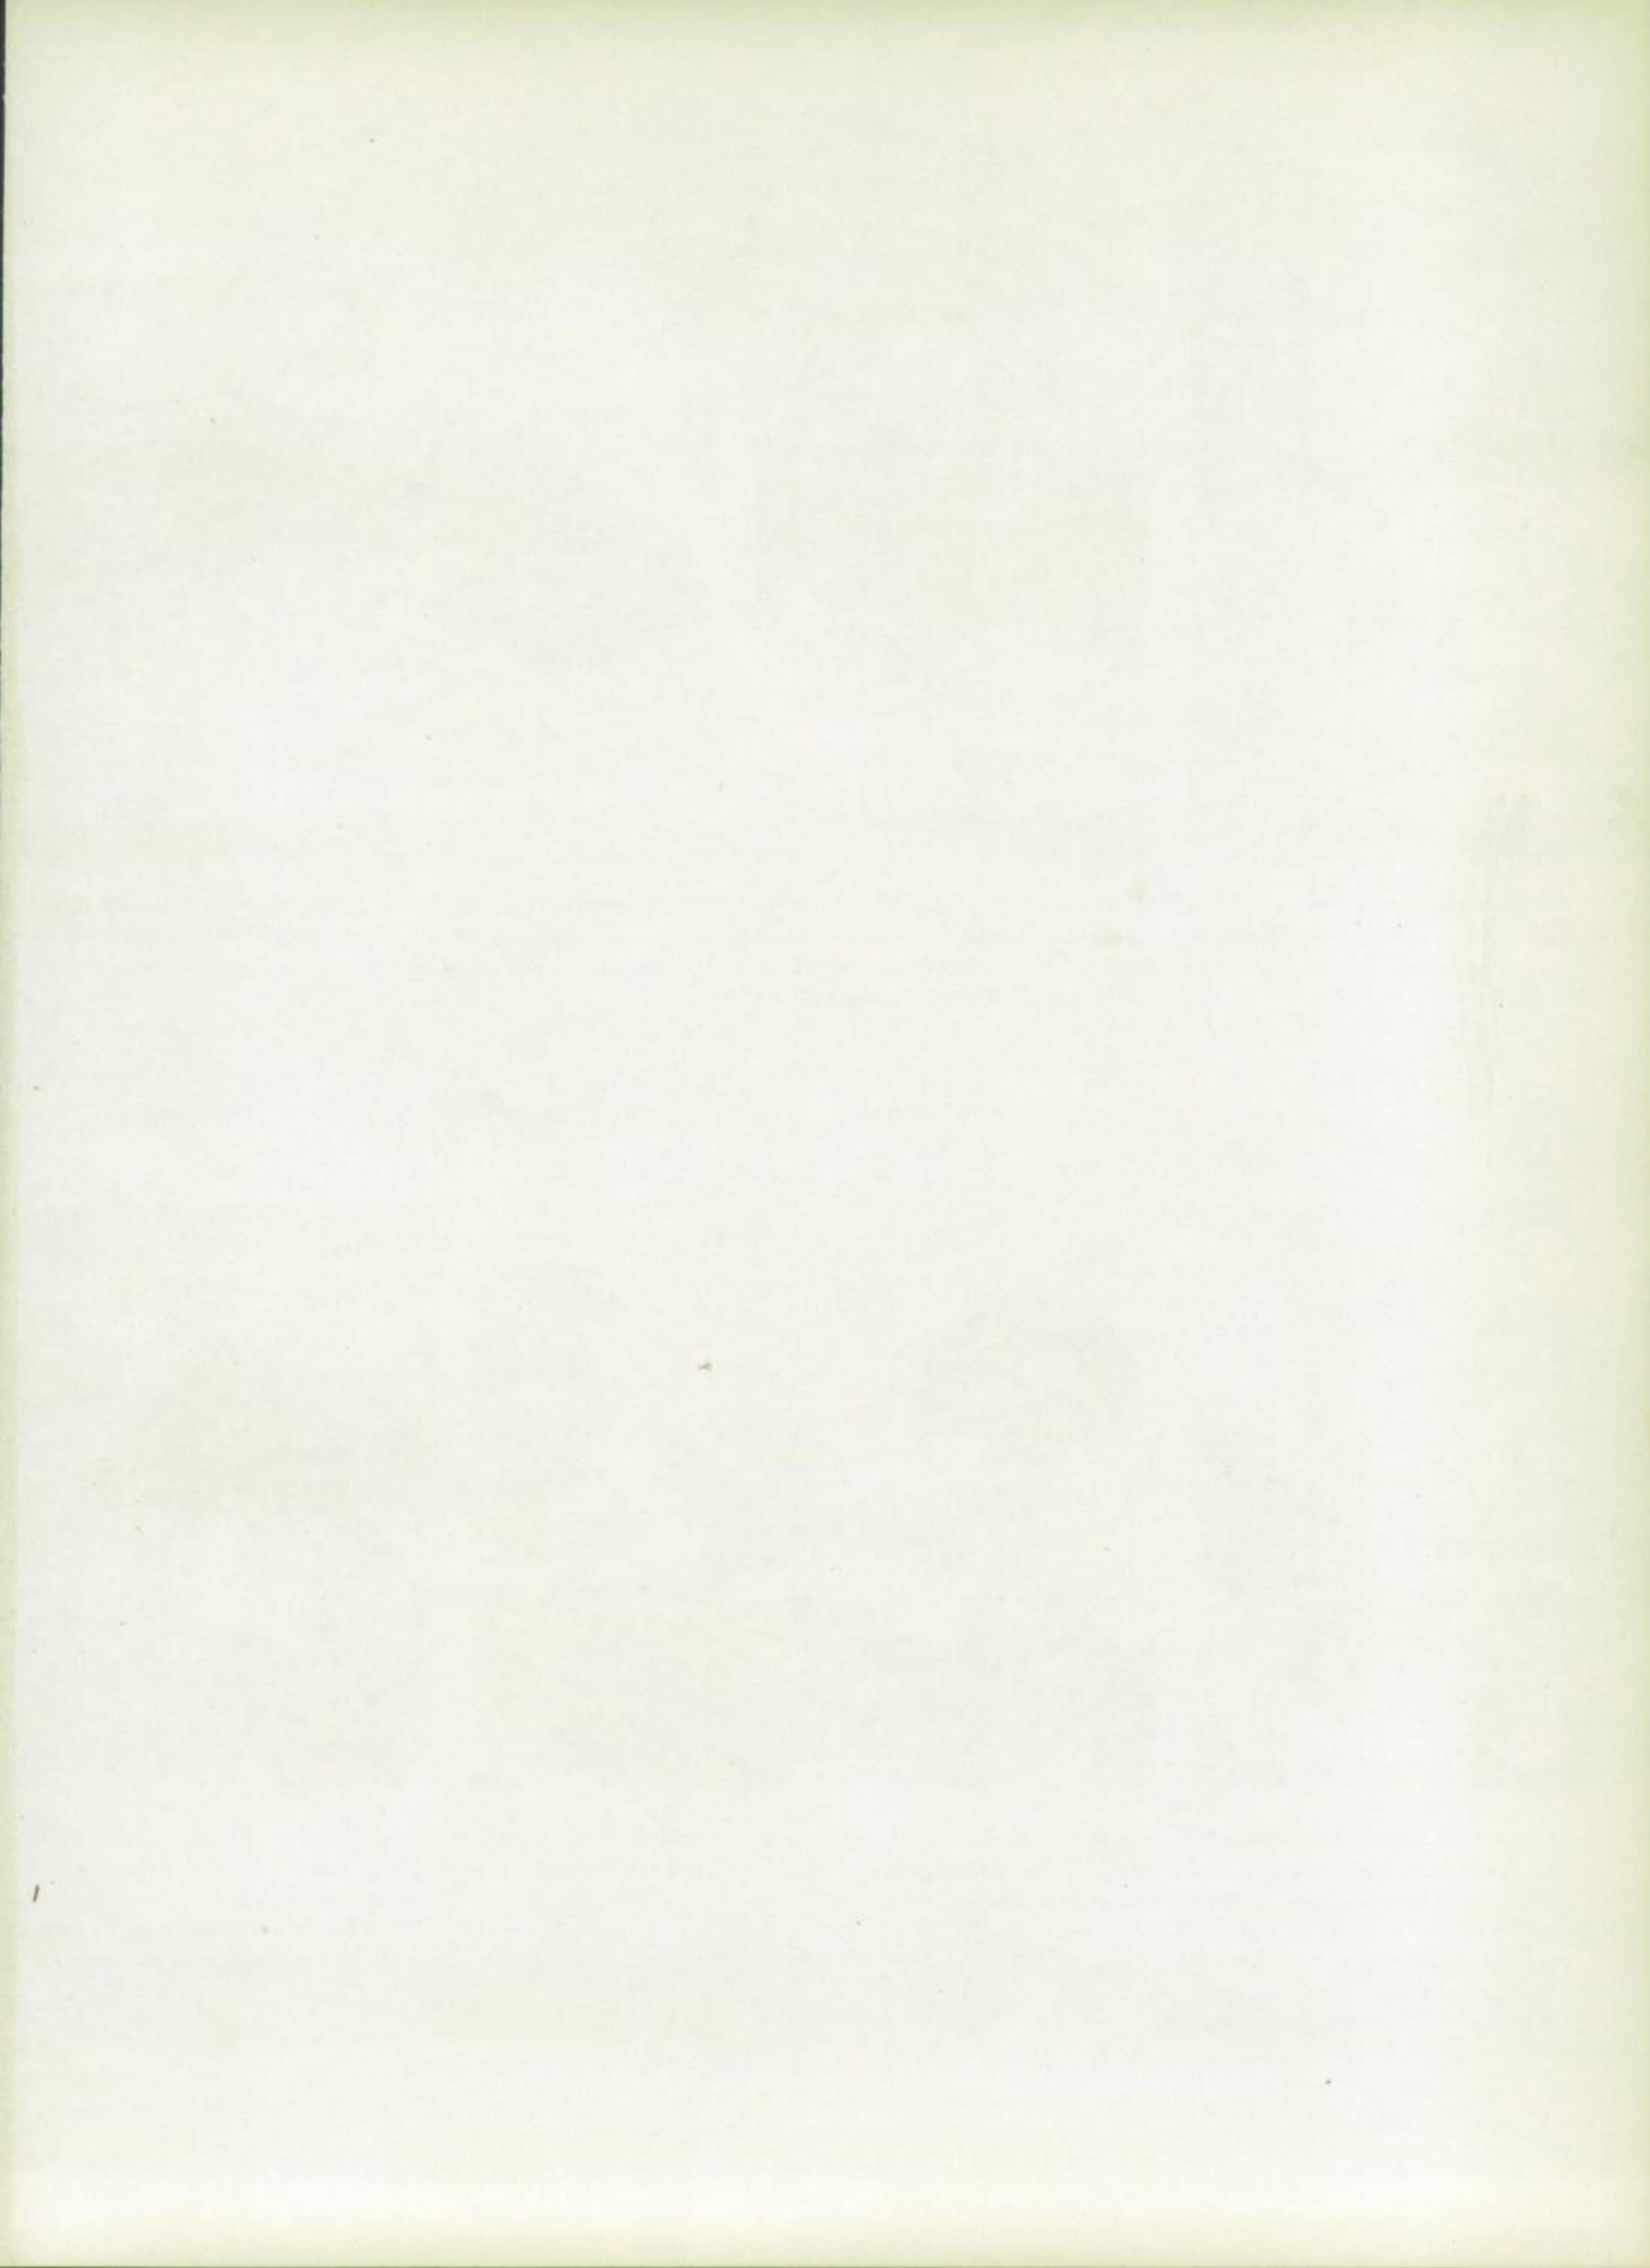

To one of the nicest senior boys I met at school.
you are truly a friend fixing me up with you
know who. I hope you and Judy get along
very well. Don't forget to take up water
skiing this summer. And if you make a
record I'll be the second one to buy it.
Judy's first. Sorry to make a mess of
this but I'm in a hurry. Even!

A friend to the end

Carol "Useless"

1875

One of the year's most dramatic pictures as East Berlin soldier leaps over a barbed wire barricade into West Berlin.

Adolf Eichmann, charged by the Israeli government with the murder of millions of Jews, is flanked by guards in his bullet-proof dock during his long trial which started in April.

Cuban government picture caption says this is Castro's militia in action in area of Laguna Del Tosoro (Treasure Lagoon) southeast of Havana during unsuccessful invasion attempt by expatriate Cubans.

Soviet-built personnel carriers tow artillery pieces through Plaza Jose Marti in Havana, Cuba, during parade honoring the third anniversary of Castro's revolution. In the background are five-floor high pictures of Castro and Lenin.

Soviet Premier Nikita Khrushchev embraced Russia's cosmonauts, Maj. Gherman Titov, left, and Maj. Yuri Gagarin, after both made space flights around the world.

Soviet Premier Nikita Khrushchev exchange smiles with Mrs. John F. Kennedy when they attended a concert in Vienna during the President's trip to Europe which included a meeting with Khrushchev.

Katanga president Moise Tshombe placed a wreath on the coffin of United Nations Secretary General Dag Hammarskjöld after Hammarskjöld died in a plane crash while enroute to Congo cease-fire talks.

Princess Margaret and husband, Lord Snowdon, the former Antony Armstrong-Jones, with their first child, David Albert Charles, Viscount Linley.

Delegates from United States, Britain and the Soviet Union resume nuclear test ban talks after end of Russia's 1961 test series.
